

Covered by Roses (Hydra Live)

Within Temptation

I feel my heart explode to particles
Love is always here and I told you so
Restless in dreams love carved in stone
This rhapsody of life in a way
I guess we all know it Hand in hand we stand while we watch you flow
Heaven can you help us, where we can't go Covered by roses
When this dance is over
We all know all beauty will die
The choirs have awoken
Left no words unspoken
Remember you as long as I can
Hold you in my arms all night
And spill the wine until the end
We all have our place in time
Need to live every moment We built our castles high
Turned our dreams to gold
We took the blows with pride
Went through it all
The dawn is closing in
New tales are told This rhapsody of life
In a way, I guess we all know Covered by roses
When this dance is over
We all know all beauty will die
The choirs have awoken
Left no words unspoken
Remember you as long as I can
Hold you in my arms all night
And spill the wine until the end
We all have our place in time
Need to live every moment For all we are is falling stars in the night
A blinding light raging down from the sky
The rise and fall, the rhapsody of our lives
It's all we are and know, we've got to let go She dwells with beauty, beauty that must die
And joy, whose hand is ever at his lips
His soul shall taste the sadness of her might
And be among her cloudy trophies hung. Covered by roses
When this dance is over
We all know all beauty will die
The choirs have awoken

Left no words unspoken
Remember you as long as I can
Hold you in my arms all night
And spill the wine until the end
We all have our place in time
Need to live every moment
