

Camouflage

Third Eye Blind

Justice comes into your life and then youll know
Youll know
Justice comes, justice let it come
I get the justice coming for you and I
I get the joy joy when it comes my joy, I get the joy
When justice comes to everyone Why does a willow weep when all I sees a tree grow
All in camouflage everyone that I know
We walk along like sequel, youre a cameo
Youve got your joy
So find the people of your own Ill take in anyone whos taking off their camouflage
Go on, check it
Ill take in anyone whos messing up the sabotage
To yourself dont destroy
Ill take in anyone whos taking off their camouflage Gimme the ball, gimme it all, big orange ball
Roll up over fields
I shame the Devil 'cause I throw it down so hard
I rock the big line, I rock the back yard Be a dream in color even on a winters night
Thinking George Seurat, afternoon bathed in light
Get your joy no matter who says its right
Their covers blown
Find the story of your own Check it
Ill take in anyone whos taking off their camouflage
Go on check it
Ill take in anyone whos messing up the sabotage
To yourself dont destroy
Ill take in anyone whos taking off their camouflage Okay, okay, okay
In the geometry of, prism of my of my eye will flow
I ask the questions and wonder why
Only to roll in a big arrange ball that floats in a summer sky
Take it up from the underground, proactive and soul
Play a vital roll thats what you are Check it, check it, check it
Ill take in anyone whos taking off their camouflage
Go on check it
Ill take in anyone whos messing up the sabotage
To yourself dont destroy
Ill take in anyone whos taking off their camouflage
Yeah
