

This Time I'm Free

Dr. Alban

Freedom ... free the man
I wanna feel so free
I wanna feel so free
This time I'm free
This time I'm free to do what I want
This time I'm free
This time I'm free to do what I want
Free up mother land
We go free Africa
Free up the hungry youths
In the place Rwanda
Freedom is a right and it's no privilege
Come follow me
Freedom is a right and it's no privilege
We callin' on the juntas all over the place
Come follow me
Free up jah people in dis unity
I mean freedom of speech
I wanna feel so free ...
Free them from mental slavery
This sound Skalle is call freedom
Come follow me
This sound Skalle is call freedom
Free up the people a mi say
Free up the land
Anything we own is our own thing
A mi say anything
Mi own is our own thing
Don't you mix up what we have and
Don't you mix up what we have
Freedom is a right
I wanna feel so free ...
This sound Skalle is call freedom
This sound Skalle is call freedom
Come follow me
I'm in Luanda
The north
the south
The east

the west
And even within my surroundings
 Nobody is free
 Free them your bloodclot
 I wanna feel so free ...
