Ultra-Mega

Powerman 5000

Ultra mega supersonic
Ultra mega for your head
Ultra mega get up jump in
Ultra mega until you're dead
Wanna get in my world my world
You wanna get in my world oh yeah
You gonna see the same thing same thing
The true bloods flatten
Mega star is changin'
Right now there must be a difference
Between you and me
Is I'm the ultra mega
And you just like to beeee Here!(Chorus)One forty back on the earth this time
I can't stand to feel this way
Almost evil,almost perfect
Almost never,almost worthy
Now there must be a difference
Between us and the ground
It's the ultra mega
Was the only sound Go! (Chorus) Let's go
Can you converse with the universe
And let them know that they were wrong
You wanna get in my world my world
You wann get in my world oh yeah
You gonna see the same thing same thing
The true bloods flatten (?)
Mega star is changin'
(Chorus twice)
