

# Ride the Storm (Radio Edit)

[Simon Webbe](#)

I wanna learn how to surf, you know  
Up and beyond, I wanna know how to fly, you know, touch the sky  
Thats how I feel baby, when you're with me I can rip through my shirt, you know  
Go berserk  
Miles through the sky, I can jump real high  
And thats how I feel baby, when you're with me Ooooh, fire in the sky  
Ooooh, watch me rise CHORUS  
I hear you call  
You won't see me fall  
When I ride the storm (ride the storm)--guitar solo--I wanna learn how to surf, you know  
Up and beyond, I wanna know how to fly, you know, touch the sky  
Thats how I feel baby, when you're with me Ooooh, fire in the sky  
Ooooh, watch me rise CHORUS  
I hear you call  
You won't see me fall  
When I ride the storm (ride the storm) I'm your rebel, hero, your thief of hearts  
You're my light when I'm in the dark  
Thats how I feel baby, when you're with me CHORUS  
I hear you call  
You won't see me fall  
When I ride the storm (ride the storm)
