...Or Someone Else Will

Krystal Harris

You say that you love him
You belong to him heart & soul
Then why is he so lonely?
Telling me he's had it with it all
Too much for him to handle the..
Yelling & fighting over just the little things
I know it's not your fault
But you better sacrifice
Before I get too closeSomeone else will
Someone else will love him like you don't
Show me what you're going to bring yourself to do
So I'm telling you to sacrifice
Or Someone Else Will (x2)He told me that you were the first one to take him to church
You helped turn him around
But, that just ain't good enough
If you're the one he truely loves
Sometimes I find myself thinking you're not good enough
You better get it right, & forget your selfish ways
...Or Someone Else WillSomeone else will
Someone else will love him like you don't
Show me what you're going to bring yourself to do
So I'm telling you to sacrifice
Or Someone Else Will (x2)Someone Else WillSometimes I find myself thinking you're not good enough
You better get it right, & forget your selfish ways
I think you're not good enough, so someone else willSomeone else will
Someone else will love him like you don't
Show me what you're going to bring yourself to do
So I'm telling you to sacrifice
Or Someone Else Will (x2)
