This Cold War with You

Ray Price

The sun goes down
It leaves me sad and blue
The iron curtain falls on
This cold war with youFor you won't speak
And I won't speak, it's true
Two stubborn people
With a cold war to go throughWhy, oh why should love ever
Come to couples like you and me?
Whose cold, cold wars are never done
And whose hearts just can't be freeSo let's make up or
Let's just say we're through
I just can't stand another
Cold, cold war with you
