

# This Cold War with You

[Ray Price](#)

The sun goes down  
It leaves me sad and blue  
The iron curtain falls on  
This cold war with you For you won't speak  
And I won't speak, it's true  
Two stubborn people  
With a cold war to go through Why, oh why should love ever  
Come to couples like you and me?  
Whose cold, cold wars are never done  
And whose hearts just can't be free So let's make up or  
Let's just say we're through  
I just can't stand another  
Cold, cold war with you
