You Can Count on Me

Peg + Cat

If you're visiting the zoo
And an elephant sits on you
Don't you stay under his tusch
Give me a call and I'll give him a push
You can count on me
You can count on me
Being trapped under some bum is quite a conundrum
But I will get you free
Yes, you can count on me
If I'm going for a sail
And I'm swallowed by a whale
No need to be frazzled or flummoxed
Leave it to me
I'll get out of his tummy
You can count on me
You can count on me
If you just request it I can get you uningested
And we'll sail merrily
Yes! (Peg laughing)
You can count on me - No matter the problem
The two of us can solve 'em
When you're in trouble, I'll be there on the double
If you're feeling blue, I'm the one, two, three For youuuuu
You can count on meeeeee
