To Tell You the Truth, I Lied

Joe Nichols

She caught me at home without the lights on
Ten minutes more and I'd of been gone
Out somewhere painting the town
Since you're here face to faceYou've got a few things you want to set straight
On all of the rumors you say I've been spreading aroundYeah, I said I'm glad it's over, to tell you the truth
If you haven't found somebody new, I hope you do
I said, I didn't miss you at all, I never waited for you to call
And I never cried but to tell you the truth, I liedWell, I can't deny
But baby, I tried to put you down just to cover my pride
After all, I've said I guess we're done
If I had it to do all over againBefore I'd break, I'd be willing to bend
One second chance girl, you'd be second to noneYeah, I said I'm glad it's over, to tell you the truth
If you haven't found somebody new, I hope you do
I said I didn't miss you at all, I never waited for you to call
And I never cried but to tell you the truth, I liedI said, I didn't miss you at all, I never waited for you to call
And I never cried but to tell you the truth, I lied
