Slowly

Syleena Johnson

When he first walked through the door
I had this feeling that I never felt before
He was the finest thing I've ever seen
He had me trippin' just 'cause he smiled at meAnd he kissed me softly on my cheek
Said to me, "You smell good enough to eat"
Girl, I swear my heart must've skipped a beat
He's got me feeling like I did when I was seventeen(But I couldn't wait)
For him to put his hands all over me
(So I'm getting warm and I'm waiting)
For him to make love to me
(Slowly)Then slowly he undressed me
Then slowly he laid me down
Pulled my panties down
Then slowly he went down on me
Then slowly we made loveOhh, been an hour
Since his love had been in me
Couldn't believe he felt this good inside of me
It was everything I dreamed that it would be
And like a virgin, I was tight but he loosened meThen slowly, he began to speak
"You're so good, baby"
That's what he said to me
Girl, I'm telling you that this one is the truth
Put it on me like a real man is s'pose to(And I couldn't wait)
To feel him come inside of me
('Cause he wasn't selfish, he was patient)
Ohh, ooh
Girl, he made love to me
But slowlyThen slowly he undressed me
Then slowly he laid me down
Pulled my panties down
Then slowly he went down on me
Then slowly we made loveOoh
(We made love)
To the steady rhythm of my heart beats
(We made love)
To the tears came down my face(We made love)
Till it rained sunshine and the fall leaves turned to snow
(We made love)
He took my body through the four seasons(We made love)

Till our spirits locked and wouldn't let go
(We made love)
Till our bodies couldn't come no more(We made love)
Till the full moon became the sunlight's glow
He filled my cup
Till it over flowed, ohh ooh oohThen slowly he undressed me
Then slowly he laid me down
Pulled my panties down
Then slowly he went down on me
Then slowly we made love
