

Hat Trick (feat. Derek Minor)

Jonathan Thulin

Iâ€™m like a magician
Iâ€™ll alter your vision
You see what I want you to see
The truth is a stranger
No doubt Iâ€™m a danger
Iâ€™m not who I wanna be

Abracadabra
Iâ€™ll mystify ya
(Tickle your ears, tickle your ears)
Abracadabra
Iâ€™m like a phantom

You donâ€™t want to see who I really am
So Iâ€™ll be your perfect specimen
Say the right things that you want to hear
Make sure the real me disappears
Would you love me if you really knew it
Tell me what am I supposed to do
So pick a card, any card
Here comes the switch
When I fool you once fool you twice like a
Hat trick, hat trick, hat trick, trick, trick, trick (x3)
Hat trick, hat trick, hat trick, trick, trick, trick, trick

Now follow me closely
Tell me what do you see
Iâ€™m gonna let take a peek
Master Misdirection
I am a deception
Iâ€™m not who I wanna be

Now donâ€™t we all look perfect from this angle
You see a halo but Iâ€™m just Criss Angel
My, my, how we dress up all the mannequins
Praying youâ€™re impressed enough to buy what we are peddling
How many rabbits you have in a hat to pull through
â€˜Till you find Bugs Bunny it drive you Looney Tunes
Being yourself is hard to do daily
Being somebody else will drive you crazy (crazy)
