Beginning

Bike For Three!

You never listen to the things
I want to say
You're such a fucking joke
It makes me go insane
It's only the beginning
It's only the beginning
It's only the beginning
It's only the
Beginning of the end
Beginning of the end
Beginning of the end
Beginning of the end
I get excited when I hear
That you're in pain
You think you are the shit
To me you're just a stain
