

# Don't Come Around Here (with Helicopter Girl)

Rod Stewart

How do you know when it's over  
How do you know where did it all go wrong Can I embrace the perfect stranger  
How do you know and where did it all go wrong  
'Cause lately could you tell  
I lost the only one  
Could you tell Stoke the funeral  
So now it's just me, myself and I Don't come around here (don't come around here)  
Just to see me cryin' (see me cryin')  
Don't come around here (don't come around here)  
Just because you can (because you can, yeah, yeah)  
'Cause you can How do you find tinsel Motown  
How do you find it if it's the only one Dear, love is strange the right emotion  
How do you find if it's the only one  
'Cause lately (lately) could you tell (could you tell)  
I lost the only one  
Could you tell (could you tell, could you tell) Stoke the funeral  
So now it's just me, myself and I Don't come around here (don't come around here)  
Just to see me cryin' (see me cryin')  
Don't come around here (don't come around here)  
Just because you can (because you can, yeah, yeah) Give me Motown (tinsel Motown, lady)  
Tinsel Motown (one emotion maybe)  
One emotion (with a perfect stranger)  
Tinsel Motown (me, myself and I) Don't come around here  
Just to see me cryin'  
Don't come around here  
Just because you can Don't come around here (don't come around here)  
Just to see me cryin' (see me cryin')  
Please don't come around here (don't come around here)  
Just because you can (because you can, yeah, yeah)  
'Cause you can Don't come around here (don't come around here)  
Just to see me cryin' (see me cryin')  
Please don't watch me cryin'  
Please don't watch me cryin', yeah  
'Cause you can Don't come around here  
Please don't come around here  
Just to see me cryin' Æ?Â!
