Lights Out

Tynisha Keli

Who would of thought it would come to this
Broken hearts and arguments
When I'm alone, just reminisce
How you're head laid on my shoulder
There are moments that I miss
They way it was, it's obvious
That you don't want the everything we had, no, no

Cause it's back and forth
And up and down
We're landing there
We're fallin out
Another night with nothin left to say

Maybe it's time we go
And maybe it's time to give up on me
I don't want to let you go
But lights, the lights out
Hate for you to walk away
Just another version of the same old story
And I don't want to feel the pain
But the lights the lights out
Somebody turn the lights
Somebody turn the lights out

You weren't there
But you're miles away
And lonliness is on your face
I know you feel the distance too
It's hard to be in the same room
We used just laugh so hard we'll cry
Nothing could stop us from being together why
Does it have to be like this
It doesn't have to be like that

Cause it's back and forth
And up and down
We're landing there
We're fallin out

Another night with nothin left to say (and now)

Maybe it's time we go
And maybe it's time to give up on me
I don't want to let you go
But lights, the lights out
Hate for you to walk away
Just another version of the same old story
And I don't want to feel the pain
But the lights the lights out

I don't want to admit
Don't wanna be right
Cause we've been in this place too many times
I wanna go back
To when it was good
But that doesn't seem like an easy thing to do
Even when we try to

Cause it's back and forth
And up and down
We're landing there
We're fallin out
Another night with nothin left to say (and now)

Maybe it's time we go
And maybe it's time to give up on me
I don't want to let you go
But lights, the lights out
Hate for you to walk away
Just another version of the same old story
And I don't want to feel the pain
But the lights the lights out
Somebody turn the lights
Somebody turn the lights out
