Convince Me

Dream Cult

I'm running like the scared boy I am.
I'm alone, and I don't want it
I've fallen down running, I could never get up if i tried.

Can you hear me?
Do you love me?
Tell me that you do.
Convince Me.

I could never run if I tried.
I'm alone right now
When I used to be yours.
That's when I was yours.
Now I'm just the scared boy that I am
Hoping to make the best,
But all I need is you.
That would cover the rest.

I was alone, I was taking you for granted.
You were alone and I was supposed to be there
You're changing and who am I to stop you,
I just want to be there with you

I could never run if I tried.
I'm alone right now
When I used to be yours.
That's when I was yours.
Now I'm just the scared boy that I am
Hoping to make the best,
But all I need is you.
That would cover the rest.

I'm running like the scared boy I am.
I'm alone, and I don't want it
I've fallen down running, I could never get up if i tried.

Can you hear me?
Do you love me?
Tell me that you do.

Convince Me.

I could never run if I tried.
I'm alone right now
When I used to be yours.
That's when I was yours.
Now I'm just the scared boy that I am
Hoping to make the best,
But all I need is you.
That would cover the rest.
Now I'm just the scared boy that I am
Hoping to make the best,
But all I need is you.
That would cover the rest.
