

Whenever You're Away from Me

[Olivia Newton-John](#)

No other face would take you off my mind
You're so refined, you're much too kind
I have to warn you, I'm never gonna set you free
'Cause I was born to love you for eternity Whenever you're away from me
Wherever you go
You're never far away from me
I want you to know I only have to close my eyes dear
And suddenly I'm where you are
You better never stray
'Cause I'll never be far away On every breeze I seem to hear your name
My heart's aflame, I feel the same
I'd fall apart dear if you let the feelin' end
Don't break a heart dear nobody else could mend Whenever you're away from me
Wherever you go
You're never far away from me
I want you to know I only have to close my eyes dear
And suddenly, I'm where you are
You better never stray
'Cause I'll never be far away Whenever you're away from me
Wherever you go
You're never far away from me
I want you to know I only have to close my eyes dear
And suddenly I'm where you are
You better never stray
'Cause I'll never be far away You better never stray
'Cause I'll never be far away
