No Fear

Agnostic Front

Advisory - the following lyrics contain explicit language:

You've tried my patience too many times
You've got too much to say
Old soldiers never die
They just fade awayIntimidation and all those games
You play so well
They don't phase me, I stand my ground
I'll see you in HellLook into my eyes
When the end is near
A reflection of yourself
Living with no fear, no fearYou've got the right to turn and walk
You've got the right to stay
In the end we all get fucked
Things never changeWho are you to run my life
I think for myself
And if you've got a problem with that
I'll see you in HellLook into my eyes
When the end is near
A reflection of yourself
Living with no fear, no fearNo fear
No fearIntimidation's your game, no fear
You think we'll fade away, no fear
No fear, no fear, no fear
