

# Compliment Your Soul

**Dan Croll**

I went back,  
I went back to your love, and I felt,  
So many wrongs  
That I wasted on you by the crowd,  
And I called,  
You called me and I whispered your name  
I went home,  
We stared blank to the pages I wrote, Well, I just wanna compliment your soul,  
I just wanna compliment your soul,  
Yeah, I just wanna compliment-And I wasted tears, I let go,  
So many rights,  
So many nights, that I come and I go.  
I just wanna know, that you,  
And I can't ever be,  
Shut out.  
You're meant to be.  
And wrong, I'll  
Tell it twice,'Cause I just wanna compliment your soul  
Yeah, I just wanna compliment your soul  
I compliment your-...  
I compliment your-...Yeah, I just wanna compliment your soul  
Yes, I just wanna compliment your soul  
'Cause I just wanna compliment your (soul...)  
I just wanna compliment-
