Lil' Wyte

Bay area, it is da hood of da brave
Bay area, none of my boys are afraid
Bay area, we got dat work down here
Bay area, we let it go fo da low round here
Bay area, it is da hood of da brave
Bay area, none of my boys are afraid
Bay area, we got dat work down here
Bay area, we let it go fo da low 'round here
Flickin' through da bay bumpin' Marvin gay sunny days
I gots to get payed 20 K, oh and by the way
The bar shifted of me and Fraiser bizzle
That's fo shizzle all da other perpatraders
Better be packin' they pistols, 'cuz I got pencils for pussies
Packin' some big utin'les off the hizzle
I'll put this thrizzle right between both yo wizzle
This is Lil Whizzie, I'm not playin'
I can leave it so greasy bitch ya heard me dirty South represented
To bess believe me like it I got to push it and shove it either way you go
I'm hot as an oven, humpin' and bumpin' and on, on it's the dro
The HCP family gonna represent until I die of daze satisfaction
This happens to be always on my phase Fraiser bou and V my fans
And all my faculty is half of the reason W Y T E
Won't let me rest in peace couldn't of done it wit out Billy
Many aren't wit my ass get yo ass slapped silly
When you fuck up in da bay
Bay area, it is da hood of da brave
Bay area, none of my boys are afraid
Bay area, we got dat work down here
Bay area, we let it go fo da low round here
Bay area, it is da hood of da brave
Bay area, none of my boys are afraid
Bay area, we got dat work down here
Bay area, we let it go fo da low round here
I'm steppin' about the household sit yo ass back runnin' down town
In a black Cadillac, Jack are still smokin', gimme some

And yo crack jack this is the conversation 'bout life
In da needy nation really I don't give a fuck about shit
If it ain't payuh chasin', I'm about my and that's why

Prize is about take this sober good thing
This doser came from Cordova 'cuz I can't be sober
Don't really stop da hood it what I have become to be but later on
I be damned if I don't put this on G O B I ride deez streets
I smoke this weed and one day I'ma stop and see
That this is the life I always wanted da man
To let come out of me da B A Y my stopin' ground
And round here we got dro by pound but half of deez
Motha fuckers round here broka than homie the clown
Witch means you have to take yo klan to another location
Bring some out of towners to catch yo slack
So if you ain't made it I tell you dis will get crazy
Rest the day, go by so watch it the bay O 5 round here
And they ain't ya do to stop it
Bay area, it is da hood of da brave
