Grandmother moon - Joanne Shenandoah lyrics

Rift 1

Grandmother Moon  
she hid the sun.  
Everyone gathered  
around the chosen one.  
Peaceful are people  
she was proud to hear.  
Because her grandchildren  
should not live in fear.

Chorus 1

Bind me!  
Guide me!  
Shine your light upon me!  
Stay right here beside me!  
Grandmother moonâ€

Rift 2

Grandmother moon  
lights the nighttime sky.  
Leader of WOMAN  
and ocean tide.  
Her changing face  
always measures time.  
Three sisters growing  
for all of human kind.

Chorus 2

Bind me!  
Guide me!  
Shine your light upon me!  
Stay right here beside me!  
Grandmother moonâ€

Rift 3

Grandmother moon  
we depend on you.  
To give us our rhythm

bringing life anew.  
We thank the nighttime sun  
she continues to be.  
Watching over her children  
for eternity.

Chorus 3  
Bind me!  
Guide me!  
Shine your light upon me!  
Stay right here beside me!  
Grandmother moonâ€!  
FIND me!  
Guide me!  
Shine your light upon me!  
Stay right here beside me.  
Grandmother mooooooon
