

Bed On The Floor

Woody Guthrie

Make me a bed right down on your floor
Make me a bed right down on your floor
I'll lay my head in a bed on your floor I'm a poor lonesome boy, I'm a long way from home
I'm a poor lonesome boy, I'm a long way from home
I'll lay my head in a bed on your floor The sheriff's on my trail with a big forty-four
The sheriff's on my trail with a big forty-four
I'll lay my head in a bed on your floor Clock strikin' midnight and daylight to go
Clock strikin' midnight and daylight to go
I'll lay my head in a bed on your floor Bed on the floor love bed on the floor
Make me a bed right down on your floor
I'll lay my head in a bed on your floor
