Everlasting Love

Valerie Victoria

When darkness ruled my heart
Still You loved me, saw my sin apart
From how You made me

And even if I fall, still youâ€™re right there
Yeah You donâ€™t give up on me
You pursue me

How could I ever doubt Your love
How could I ever doubt Your love

Where could I run from You?
Still You search me, relentless in pursuit,
Oh, You know me
No thing could separate me from Your love
Youâ€™ve always been enough,
You consume me

How could I ever doubt Your love (4x)

You pursue me with an everlasting love
You pursue me with an everlasting love
Thereâ€™s no question, You have spoken through the cross
You pursue me with an everlasting love
