

# Love Is Free

Sheryl Crow

One, two  
One, two, three  
She got a shack floating down the Pontchartrain  
With the water rolling in  
We gotta swim toward where the levees start to crack  
Another day, another dollar down the drain  
You go to town no one's around  
'Cause if you drown there ain't no hope for coming back  
It ain't no big thing if you lose your faith  
They kinda like to keep you in your place  
You never know what might be coming your way  
Oh everybody, devil take your money  
Money's got no hold on me  
'Cause oh, oh, everybody's making love  
'Cause love is free  
You go to church and pray to God for no more rain  
A Cadillac, a paper sack, well, hey there Jack  
You want some bourbon for the pain?  
Hey, Tambourine, ain't no rhythm on the street  
With the voodoo what do you do  
When the radio just plays on anyway?  
Those crazy fingers in your jelly jar  
They'll jack your money while you sleep in your car  
They got the karma they ain't getting too far  
Oh everybody, devil take your money  
My money's got no hold on me  
Oh, oh, everybody's making love  
'Cause love is free  
Everybody come together  
(Love is free)  
Oh, everybody, devil take your money  
But money's got no hold on me

Oh, oh, everybody's making love  
'Cause love is free  
Oh, everybody, devil take your money  
But money's got no hold on me  
Oh, oh, everybody's making love  
'Cause love is free  
Love is free, yeah, love is free
