

# Used To

## Daughtry

You used to talk to me like I was the only one around  
You used to lean on me, the only other choice was falling down  
You used to walk with me like we had no where we needed to go  
Nice and slow, to no place in particular  
We used to have this figured out, we used to breathe without a doubt  
The nights were clearer for the first time that I'd see  
We used to have this under control, we never thought we used to know  
At least there's you and at least there's me  
Can we get this back? Can we get this back to how it used to be?  
I used to reach for you and I got lost along the way  
I used to listen, you always had the just right thing to say  
I used to follow you, never really cared where we would go  
Fast or slow, to anywhere at all  
We used to have this figured out, we used to breathe without a doubt  
The nights were clearer for the first time that I'd see  
We used to have this under control, we never thought we used to know  
At least there's you and at least there's me  
Can we get this back? Can we get this back to how it used to be?  
I look around me and I want you to be there  
'Cause I miss the things that we shared  
Look around you, it's empty and you're sad  
'Cause you miss the love that we had  
You used to talk to me like I was the only one around  
The only one around  
We used to have this figured out, we used to breathe without a doubt  
The nights were clearer for the first time that I'd see  
We used to have this under control, we never thought we used to know  
At least there's you and at least there's me  
Can we get this back? Can we get this back to how it used to be?  
Yeah, to how it used to be, to how it used to be  
Yeah, to how it used to be, to how it used to be
