

Bed Of Roses

Mindless Self Indulgence

hey it's alright my life has never been a bed of roses this way's better for
me.

hey it's alright my life has never been a bed of roses this way's better for
me.

I don't care to live the life I've chosen. anyway, anyway yeah
hey it's alright my life has always been a sad emotion. don't feel sorry for
me.

hey it's alright my life has always been a sad emotion. don't feel sorry for
me.

feeling sorry has been my last devotion. anyway, anyway yeah
hey it's alright my life has never been a bed of roses this way's better for
me.

I don't care to live the life I've chosen.

hey it's alright my life has always been a sad emotion. don't feel sorry for
me.

feeling sorry has been my last devotion. anyway, anyway, yeahhere we are.

the sentiment's the same my friends. screw you

the sentiment's the same, it always was.

the sentiment's the same my friends. screw you

the sentiment's the same, it always was.my life has never been a bed of roses.(X6) my life has always been a
