

# In Your Presence - Live

## Elevation Worship

In Your presence there is freedom  
In Your presence there is hope  
In Your presence there is healing  
Love restores me, I am whole No matter how far I run  
You are with me  
No matter how far I fall Your love is everlasting  
Your kindness never ends  
God You never leave me  
Your presence goes before us  
Your glory has no end  
God You never leave me In Your presence there is power  
Through Your spirit, strength will rise  
In Your presence there is mercy  
And in Your presence I'm alive No matter how far I run  
You are with me  
No matter how far I fall Your love is everlasting  
Your kindness never ends  
God You never leave me  
Your presence goes before us  
Your glory has no end  
God You never leave me You will be our guide  
To the end, to the end  
The Lord is with me  
He will not forsake me  
[x2] Your love is everlasting  
Your kindness never ends  
God You never leave me  
Your presence goes before us  
Your glory has no end  
God You never leave me You will be our guide  
To the end, to the end  
The Lord is with me  
He will not forsake me  
[x6]
