

In This City

Glass Towers

Sitting here, like you got on
You're sitting on this train
Sitting here, like you got on
You're sitting on this train Cause in this city, in this town I dine
Cause in this city, in this town I dine
Oh I, Cause I loved you from the start,
from the start
Cause I loved you from the start,
from the start,
from the start
But if you speak before the camera starts
Before they take the other part
You must find the answer
looking through the eyes of someone else Cause in this city, in this town I dine
Cause in this city, in this town I dine
Oh I, Cause I loved you from the start,
from the start
Cause I loved you from the start,
from the start,
from the start
This world is not a sink life
Do all the times that I don't know
Do all the times that I do not know This world is not a sink life
Do all the times that I don't know
Do all the times that I do not know
