

Born Dancer

[Kim Fowley](#)

Born dancer, heart-breaker romancer,
born dancin' on the water,
born dancin' in the town.
Born dancer, my true romance.
Born dancin' in the sunshine,
so glad you're mine.
Born never on a woman,
I'm so glad, we're both human.
Born dancer, born lady,
Born dancer, I'm your lover,
Born dancin' in the town.
Born mellow, now crazy,
relax lady, let's be lazy.
It's all right that you're bright
so let's dance tonight.
It's all right that you're bright
so let's dance tonight.
It's all right that you're bright
so let's dance tonight.
It's all right that you're bright
It's all right.
It's all right that you're bright
so let's dance tonight.
It's all right that you're bright
so let's dance tonight.
I'm your lady,
your lady,
it's all right...
