Selena Gomez

It's a big bad world but I ain't ashamed i like the lights in my hand
And the beat in my face
It's a big bad world but I aint ashamed to like the lights in my hand
And the beat in my faceBe-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my faceBe-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my faceImma make you bend your back
Oh my god this beat is crack
When I do this, you do thatI feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh
I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, ehIt's a big bad world but I aint ashamed to like the lights in my hand
And the beat in my face
It's a big bad world but I aint ashamed to like the lights in my hand
And the beat in my faceBe-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my faceBe-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my faceImma bring the party back
We gon blow the thermostate
When I do this, you do thatI feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh
I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, ehIt's a big bad world but I aint ashamed to like the lights in my hand
And the beat in my face
It's a big bad world but I aint ashamed to like the lights in my hand
And the beat, beat, beat, beat...Automatic, dance-natic, I can't get enough
I can't get enough, I can't get enough, of that beat in my faceBe-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my face
Be-be-beat in my face, be-be-beat in my face,
The lights in my hand, and the beat in my face
