

Know Your Master

Agent Steel

Wake the dreamer
From sleep comes the secret held deep in the psyche
Restless vision
The pain of regaining the truth in the message
What we all are
Descendents of creatures so cruel and self serving
Infected again and again[Chorus]
Know your master
You're not equal
Know your master
Face your fatherBeneath the ruins
Revealed before time might destroy all the remnants
Predecessors
Creators of space and lords of dimension
Godless fathers
Transcribing the answers
Written in mind and in body, in gene, the code that erodes with your humanityThe change is upon us
Arranged with the dawning
Revealed to us all
