

# Marianas Trench

## August Burns Red

This ship is sinking deeper and deeper  
We've abandoned this vessel and left the captain for dead  
Waves thirst for our passing, waves thirst for our passing  
Prepare for the struggle, prepare to engage Our armor tight to the skin, this shield it bears his name  
We are strapped to the teeth  
But our swords are lodged tightly in our throats  
We are going under We cannot swim under these conditions  
We're drowning quicker and quicker  
We cannot swim, we cannot swim We can't swim under these conditions  
We are drowning quicker and quicker  
We cannot swim, we cannot swim under these conditions We have become what we have feared  
We have become what we have feared  
Being one with this world  
We've become one with this world Pray for heaven's titans to rain down, spare us the pain  
We're going under, we're going under  
Pray for heaven's titans to rain down, spare us the pain  
We're going under, we're going under, under, under, under
