

In This Moment

Riley Etheridge, Jr.

In this moment

In this moment
There is no explanation
Just pure elation I find
In this moment
You are my sole dedication
Thanks for this moment in time

Life
Finds a way to rush by
Leaves me catching my breath

Time
Just a blink of the eye
Now your here with me
Hold me tenderly
Nothing passes me by

Chorus

Pain
Finds a way to reside
In the front of my mind
Why
I?ve got nothing to hide
You accepted me
Unconditionally
Nothing short of sublime (repeat chorus)
