

Talking with the Wolves

Glen Hansard

Simon

You are the model of your age
Don't let the bastards take the stage
They don't love you And hey
You are a pure light on the waves
Don't let them turn us into slaves
They don't care for you (like I do) Love that's given freely
It doesn't die, it only changes
And love that's taken easy
It has to hide in these exchanges Glory
Don't get trampled under dust
Don't tell yourself you're out so much
Sometimes words won't be enough And talkin', talkin' with the wolves
And you're talkin', talkin'
We don't even notice you Love that's given freely
It doesn't die, it only changes
And love that's taken easy
It has to hide in these exchanges And love that's given freely
It doesn't die, it only changes
And love that's taken easy
It has to hide in these exchanges
