

# Use Me Up

## Lake Street Dive

You're the kind of man that takes what he can and doesn't ask  
Well this trait I can't condone but I am told that in the state I acquiesce  
Occasionally a man for free is exactly what I need  
And how long has it been since I have given in to what I see was right in front of me?  
Now I'm all alone and far from home and I don't always know what's good for me  
The more time that we spend in my bed and you're playing with my head and I get turned Around, around,  
around, around  
Cuz you use me up, and you wear me down when I'm ahead I get up when I'm led I'm found  
And I'm this way and I'm that way cuz it's your way or the high way  
Cuz you use me up and you wear me down yeah you use me up and you wear me down  
When you're the kind of man that wants what he can't have and so he goes  
I guess that I'm the same so who's to blame, just to say that I  
Occasionally some room to breathe is exactly what I need  
And how long has it been since I have had a friend that'll make me see what's right in Front of me  
Now I'm all alone and far from home and I don't always know what's good for me.  
The more time that we spend in my bed and you're playing with my head and I get turned Around around  
around.Ooooh oooh ooohCuz you use me up  
And you wear me down  
When I'm ahead I give up  
When I'm led I'm found  
I'm this way and I'm that way cuz it's your way or the high way  
Oh you use me up  
And you wear me down  
When I'm ahead I give up  
When I'm led I'm found  
I'm this way and I'm that way cuz it's your way or the high wayYou use me up  
You wear me down  
You use me up  
You wear me down
