

This Bitch Is Alright

Sick Animation

Listen up and check it out
A baby came out of her pussy and she's still fucking tight
Man, this bitch is alright
I know a girl who had a kid and I took her to the prom
Danced nasty on the floor even though she is a mom
When the music got low I grabbed her head and pulled it near
Then I looked her in the eyes and I whispered in her ear
I'm gonna take you straight home right after the dance
And cover your body in Subway stamps
Then bring you to the place and be like where's my free samj
Where's my free sandwich, Where's my free sandwich
I can't wait to take your clothes off and put my hands on
Then rub you with my pencil like a 50 question scantron
A B C D E F G?
I'm gonna fuck you tonight girl, I hope you don't mind
A baby came out of her pussy and she's still fucking tight
This bitch is alright
