Who Am I

Fred Ellis

(Verse)
Sometimes I ask myself who am I?
it depends on where I am or who Im with,
the mood that Im in order to know what to say.(Chorus)
Who am I?
And why do I do the things that I do?
sometimes Im the sun when I smile,
sometimes Im the rain when I cry,
sometimes Im a bird when I sing,
sometimes Im a heart when Im with you.(Verse)
Many parts of me that you cant see
if you want to spend some time I will let you view
the many faces that Im willing to show to you.(Chorus)(Bridge)
Time together is how we learn about each other,
I would like to learn about you
would you like to learn about me.(Chorus)(Verse)
Many parts of you I would like to know
I would like to spend some time so that you
will show
the many faces that youre willing to show to me.(Chorus)
