

# All Night

**Keni Burke**

Girl you know you can  
A get down on the groove  
You got my mind all soaking wet  
I said I like the way you move  
A Girl you got those flashy eyes the talking kind  
A just like no one else  
A but your sign really blows my mind  
I said I want ya for myself  
You make it all right  
Lets get down tonight  
Your moving all right  
Lets get down tonight  
Girl that floppin beat  
like a drop in my feet  
It's pumping right on time  
I'm in another world  
with you girl, yes yeah  
A lets get on down baby  
baby dancing  
All night  
Oh baby  
Dancing all night  
Yeah  
Girl can't you see I need you  
(INSTRU SOLO)  
BRIDGE  
Cause baby, Seeing you,  
makes the man in me  
Feel the urge to give to ya,  
everything  
No one turns me on so come on down, baby come with me  
Yeah baby we're dancing  
All night  
So come on girl  
Get down tonight  
Lets get down  
All night  
baby  
Lets get down
