

# Why

## Hurts

[Verse 1]

There was a time, there was a place  
So tell me now, why'd you wake up with that look on your face?[Pre-Chorus 1]

Don't you waste my time

Let it go, let it go

And don't just stand in line

If you wanna lead, you can lead[Chorus]

Why?

If this is love, then why does it hurt so bad?

Why?

If this is over, then why do I want you back?

So tell me that it's worth it cause I'm going crazy here

(I just can't figure it out, I just can't figure it out)

If this is love, then why does it hurt so bad?[Verse 2]

There was a time, far away

And I wanna try, try to take us

Take us back to that place[Pre-Chorus 2]

So don't hold back for me

Let it out, just let it out

It's you I wanna see

So let it out and you can lead[Chorus]

If this is love, then why does it hurt so bad?

If this is over, then why do I want you back?

So tell me that it's worth it cause I'm going crazy here

(I just can't get enough, I just can't get enough)

If this is love, then why does it hurt so bad?[Bridge]

If this is love, then why does it hurt so bad?[Chorus]

If this is love, then why does it hurt so bad?

If this is over, then why do I want you back?

So tell me that it's worth it cause I'm going crazy here

(I just can't get enough, I just can't get enough)

If this is love, then why does it hurt so bad?
