All in a Row

Gratitude

Theres a mountain of cars
A couple miles of garbage
God, will you look what weve startedAll in a row
Our churches and bars
All in a row
Yeah, spotlights and stars
All our guns and daughters
Line up all in a rowTake a look at these scars
Just take a look at us starving
God get us back to the gardenAll in a row
Our churches and bars
All in a row
Yeah, spotlights and stars
All our guns and daughters
Lined up all in a rowCan you see it going?
Can't you feel it go yeah?And it's all in a row
Our churches and bars
Yeah, our spotlights and stars
Yeah all our guns and daughters
Buried all in a row
I said, buried all in a row
