

# Ease That

## Souleye

### Hook

Ease that lean back roll me up that weed sack  
Calling out my ladies on the front and the back  
Lean back ease that roll me up that weed sack  
We weâ€™ve them tracks that ride like Cadillacâ€™s

### Verse 1

Iâ€™ve been all around the world  
And easy to see that most people that I meet  
    Love blazing on them trees  
Iâ€™ll find it in Fiji where no weed be  
    Or in Mendo where itâ€™s in every home  
    Grown out doors organic is my favorite type  
    But then again I like that indoor bud at night  
    Smoking sativa in the middle of the afternoon  
    Get high motivate party on the move  
    Even my mom pack that bong  
Iâ€™ve watched my dad smoke all day long  
    From the rich and the famous  
    To the poor and broke  
    They all love that dope  
Government donâ€™t know I know my fourth amendment  
    Canâ€™t search without a warrant

### Hook

Ease that lean back roll me up that weed sack  
Calling out my ladies on the front and the back  
Lean back ease that roll me up that weed sack  
We weâ€™ve them tracks that ride like Cadillacâ€™s

### Verse 2

Only the best when Iâ€™m smoking the Sess  
    Hawaiian mist Iâ€™m on a mystical trip  
    Puffing an ounce of Kush on the couch  
    Purple urkle got me seeing double now  
Iâ€™m going to Canada man, Japan or Amsterdam

No matter where I'm at I'm going to smoke a Gram  
Four-way endo sipping on that swiss miss  
With Mr. Nice here's the pipe now hit this  
Elevate let's create everyone together now  
Let's celebrate / take a break though  
If you don't puff the drow / I know there those  
That don't smoke so pass it to the left  
You know how it goes  
The rotation is ground breaking
