One Way Street

Tim Obrien

You're leadin' me down a one way, a one way
You're leadin' me down a one way street
Is it a game that you play, that you play
Here I've been thinkin' that you're so sweetI do the givin' and you take
All of my lovin' and you make
Promises that you don't keep
Baby the price is too steep
You're leadin' me down a one way, a one way
You're leadin' me down a one way streetYou've been paintin' a picture, it's a picture
Maybe it's pretty but it's not real
You better start lookin' elsewhere, lookin' elsewhere
Go find another heart you can steal
You got my wheels a turnin', setting my heart to burnin'
You never wanted a steady, you just wanted one that was ready
For you to lead down a one way, a one way
You're leadin' me down a one way street(Repeat first four lines)Maybe it won't be too long, you'll be singing the same song
You'll be poundin' the pavement, wonderin' which way that I wentYou're leadin' me down a one way, a one way
You're leadin' me down a one way street
