

Don't Say Goodbye

[Jeff Lynne](#)

Don't say goodbye
Don't even think about it
Don't let it even cross your mind Things will be fine
And there's no doubt about it
I always knew that we'd survive So hold me close
Never let me go
I need you now
More than ever before Don't change your mind
Don't even turn it over
Not after all that we've been through Don't say goodbye So hold me close
Never let me go
I need you now
More than ever before Don't say goodbye
Don't even think about it
Don't even let it cross your mind
And please don't ever say goodbye Don't say goodbye
Don't say goodbye
Don't say goodbye
Don't say goodbye Don't say goodbye
