So Simple

Stacie Orrico

It could all be so simple, simpleDon't need high heels, for a good feel
You can keep the fancy clothes
I'll take walkin' in the rain, over things material
I'll trade Melrose and the big names, give me faces that I know
Just play a melody that everybody knowsTake it down, down, down and strip it to the core
I don't really need much, less is more, more, more
(More, more)True to life, true to me the way it's got to be
(So simple, so simple, so simple, yeah)
Live to love, love to be absolutely free
(So simple, so simple, simple)Give me wisdom, plain and truthful
Teach me somethin' I don't know
Plain as education, inspiration I suppose
(Yeah, yeah, yeah, yeah)
Give me family, on a Sunday and I'll be just fine
There's nothing in the world that's worth more of my timeTake it down, down, down and strip it to the core
I don't really need much less is more, more, more
(More, more)True to life, true to me, the way it's got to be
(So simple, so simple, so simple, yeah)
Live to love, love to be absolutely free
(So simple, so simple, simple)True to life, true to me, the way it's got to be
(True to life)
(So simple, so simple, so simple, yeah)
Live to love, love to be absolutely free
(So simple, so simple, simple)Livin my dream, is my song to the world
(Let 'em hear it)
Sharin' my soul and spirit, I'm hopin' that you hear it
(Yeah, hear it)
Got one life to live
(One, life, live)
It's only what you make it
(Make it)
Every new day's a chance worth takin'True to life, true to me, the way it's got to be
(So simple, so simple, so simple, yeah)
Live to love, love to be absolutely free
(So simple, so simple, simple)True to life, true to me, the way it's got to be
(True to life)
(So simple, so simple, so simple)
Live to love, love to be absolutely free
(So simple)

Simply me
(So simple, so simple, so simple)
Simply me
(So simple, so simple, simple)
Live to love
