## Ray Charles

I wanna tell you a story  
Our ray boy was once in love  
I wanna tell you a story  
Our ray boy was once in love  
And how the girl that I loved  
Taught me of the happiness I dreamed of  
She called me fine, sweet and mellow  
But that didn't mean a thing  
She called me fine, sweet and mellow  
But that didn't mean a thing  
Because I knew when she whispered love  
That meant a watch brings with her diamond ring  
Guitar solo  
Piano solo  
I did mind my baby once  
If she'd only played fair with me  
I did mind my baby's once  
If she played fair with me  
She took advantage of my goodness  
And made a pitiful fool out of me  
Baby .. go ahead go ahead
