Love Never Fails

Ellie Holcomb

Love is patient
Love is kind
Love doesn't wait to cross over to the other side
Well it's worth never giving up
It's worth holding on
Love never fails
And that's a promise
Love never fails
Help me believe itHelp me to trust that this is truth
Help me to love like You do
Oh, Lord help me to live like
Love never failsLove doesn't strut
It is not proud
Love will make sure to be seeking others out
Love doesn't try to keep the score
It sides with forgivenessLove never fails
And that's a promise
Love never fails
Help me believe itHelp me to trust that this is truth
Help me to love like You do
Oh, Lord help me to live like
Love never failsLove has eyes that see your pain
Love will never run away
It holds out hope
It holds out trust
Love will always be enoughLove never fails
And that's a promise
Love never fails
Help me believe itHelp me to trust that this is true
Help me to love just like You do
Oh, Lord help me to live like
Love never fails
