

All Right Now

Vonrenzo

"The last one's the lucky one," she said
I want you to think of me as you undress
It's all right now, and baby you are so safe
Even if you say how, but do you know
Do you know, just to be standing here...
I've waited all my ...
We're only dreaming,
You see the meaning is you're there
I found that the answer is everywhere
It's all right now, and baby you are so safe
Even if you say how, but do you know
Do you know, just to be standing here
I've waited all my life.
