Reload
Time to die
Time to die
Time to dieSilhouetting, complicating
Whom to dare? I do not care
What is form and exploration
Everything is everywhereIncrease time and spin around it
Ready for another day
Power up and memorize it
Snap the mag and blow awayReload
Time to die
Time to die
Time to diePin eyed God, get away
Pin eyed God, here to stay, yeah
Pin eyed God, break on you
Pin eyed God, comin' ThroughReload
Time to die
Time to die
Time to dieI rejecting, back and building
Where you stare I do not care
What is crawling and competing
Everything is everywhereDeep inside you get around it
Reaching back another day
Jump it up and feel the heat
You snap the mag and blow away
