

Are Yah Gonna (Control)

Tessanne Chin

I've been hurt so many times, my dear
So you understand that I'm a little scared
Don't want to be alone but you see
I have this fear that I'll wake up one day
And find you're not here
So tell me Are yah gonna love me and then leave me
Or take control
Yah gonna warm me to the feeling
Or leave me cold
Yah gonna take a little time
And help me unload
Yah gonna give me lots of pressure
Cuz I'd rather go solo Too many times I've been deceived
Or made to believe that everything's fine as it seems
No oh no oh
Too many tears I cried painfully
To take this lovers thing so lightly
Now tell me baby Are yah gonna love me and then leave me
Or take control
Yah gonna warm me to the feeling
Or leave me cold
Yah gonna take a little time
And help me unload
Yah gonna give me lots of pressure
Cuz I'd rather go solo Gonna take me as I am
Yah take it slow
Understand I'm a little tender
Maybe so
Inside, be my shoulder to cry on
When everyone is gone
Be the one Coming at yah baby
Yah know, I'm coming back
Let me size yah up and see if
You're to have my love
It's something not to be played with
Not just to be laid with
Yah oughta come good but you won't break this I'm a gem, only one of it's kind
And ain't no way yah gonna come and steal my shine
Baby, I got limits limits but as long as you stay in it

I promise you boy, you'll be mine
Now yah gonna love me and then leave me
Or take control
Yah gonna warm me to the feeling
Or leave me cold
Yah gonna take a little time
To help me unload
Yah gonna give me lots of pressure
Cuz I'd rather go solo
Gonna take me as I am
Yah gonna take it slow
Understand I'm a little tender
Maybe so
Inside, be my shoulder to cry on
When everyone is gone
Be the one to make me feel
Now are yah gonna love me
Are yah gonna leave me
If you want my love for you
Then yah gotta prove
Are yah gonna love me
Or are yah gonna leave me
Yeah yeah yeah yeah
Are yah gonna
Are yah gonna
Are yah gonna, gonna gonna gonna
Yeah Yeah Yeah Yeah Yeah Yeah Yeah
Yah gonna love me love me love me
Aye
