Run Away Little Tears

Connie Smith

Run away little tears
You've been locked up too long
Run away little tears
Our baby's goneI look at his picture
Touchin' old souvenir
And then grow weak from holding back
These locked up tearsRun away little tears
You've been locked up too long
Run away little tears
Our baby's goneA storm of emotion
Keeps on working within
Breaking down a heart
That only he could mendRun away little tears
You've been locked up too long
Run away little tears
Our baby's gone
Run away little tears
Our baby's gone
